The Story so Far

Izu University's famed Spring Festival.

Aiming for the prize money, Iori shines on stage at the "dongtest", while giving Kudo a taste of his own medicine for mocking Tinkerbell's cake-faced angel, Aina, in the process.

Meanwhile, Chisa also wins the Miss Izu contest. But despite her embarrassing herself in order to help Iori raise money for the club, he (seemingly) went and got cozy with another girl. Furious, Chisa tells the crowd that Iori is her boyfriend in order to keep guys from hitting on her.

Wasted during the whole thing, little do Iori and Kohei know that every boy on campus is now out for their blood ...
